

New Catalogue: Brakes QH10

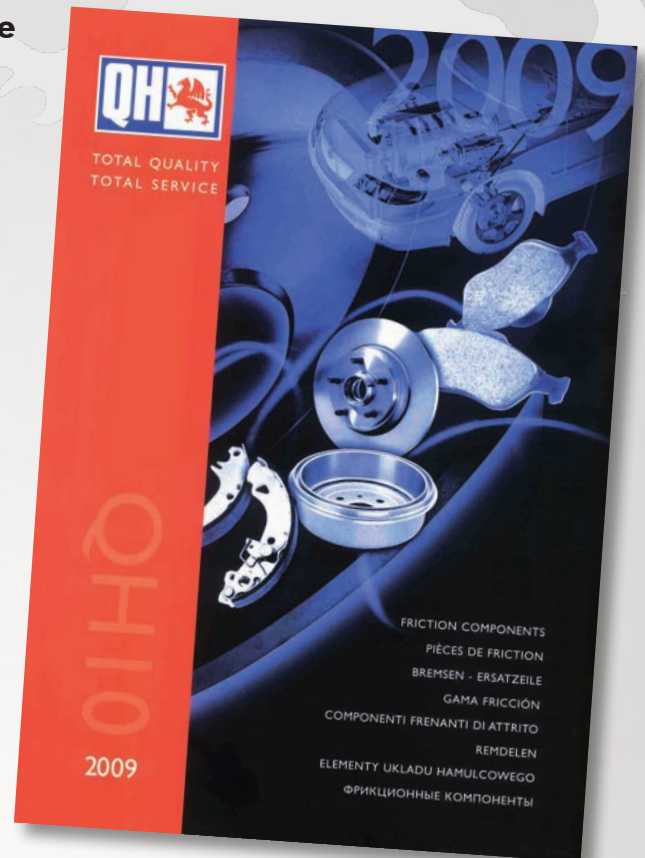

The new **QH10 Friction Components Catalogue** (Dry Brake) 2009 is available now and ready for dispatch. Just order your copy!

Most of the more than 500 new-to-range parts can already be found in TecDoc.

The remaining references will be in TecDoc from version 1 April 2009. On the various table sheets in the attachment, you will find a preselection from the product groups brake pads, shoes, discs, drums and fitting kits which might be of special interest to you.

There is also a comprehensive cross list with OE and many competitor article numbers.

You are interested and can't wait to get your copy? Then just download your new catalogue as PDF file from our website **www.qhd.de**!

Gut gemacht.
