EDITION 11 | 2009

New edition

„CHECK IT!“ garage information for starters & alternators

Advance Notice: New Catalogue Ignition Components

UP TO DATE & INFORMATIVE

The Newsletter:

The purpose is to keep you regularly and promptly informed about new to range products that are now available from stock.

The Technical News includes interesting features from the field of technology – edited for you in a clear and concise way.

You can also access our newsletter on our website “www.quintonhazell.de” as a PDF file for download.

And as a special treat:

In the attachment, you will find an Excel file with all the relevant information such as article numbers, article criteria, status, etc., and corresponding Excel files with all the important cross numbers for an easy and convenient data import.
